Budding photographer?

WIN A GREAT PRIZE
AND SEE YOUR
WORK DISPLAYED
IN WHITEFRIARS

ENTRY DETAILS OVERLEAF

CLOSING DATE: 1 JULY 2017

www.whitefriars.eu

Whitefriars
CANTERBURY

Submit your best floral photo!

As part of this year's Whitefriars In Bloom festivities, we are running a floral photographic competition in association with Jessops, for a chance to win £250 to spend in the Marlowe Arcade store and a place on one of their Level 1 academy courses (valued at £119). *Plus* there will be nine runners-up prizes of a Jessops 24in x 16in canvas print!

Selected entries will be made into banners for display around the shopping centre during the summer.

Simply select your best floral images(s) and enter online – see details below. Photographs must be your own original work and should be submitted as jpg files at the highest resolution to ensure they will enlarge satisfactorily. Narrow portrait format will work best.

To enter, visit www.whitefriars.eu and click on the Competitions tab. Select the photographic competition, complete your details and upload your photograph. You may submit up to three entries, but you must complete a separate entry form for each photograph.

Scan the QR code with your smartphone for direct access to the website.

Terms and conditions: No purchase necessary. Prizes are as stated – there is no cash equivalent. All entries must be received online by 5.30pm on 1 July 2017. In submitting their photograph, entrants are confirming that it is their own original work and that, if selected, agree for it to be used in publicity material for Whitefriars in Bloom (posters, website, banners, social media, etc), and for it to be displayed externally in Whitefriars during summer 2017. Copyright and ownership will be retained by the photographer. Entrants may submit up to three photographs. The judges' decision is final and no correspondence can be entered into. Employees of Whitefriars and Whitefriars stores, and their families, households and agents, are not eligible to enter.

JESSOPS
image is everything
